

## Victorian Farmyard

The Victorian Farmyard has many buildings and all of them are used for different things.

List the use of each building below:

**Marsworth Stable:** houses horses

**Rossway Granary:** stores grain

**Hill Farm Barn:** threshing at harvest time

**Marsworth Cart Shed:** stores carts and farm equipment

**Borehamwood Cattle Byre:** where the cows went to be milked

In Marsworth stable there are saddles and a **feeding** trough.

Tick here when you have seen the saddles.

In Rossway Granary there is a wooden shovel used to move the **grain**.

Tick here when you have seen the shovel.

In Hill Farm Barn there is a **stationary** engine that was used to **power** machinery to help with the harvest.

Tick here when you have seen the engine and machinery.

Draw part of the farmyard or an object inside one of the building below:
