

What can you discover in the Toll House garden?

Can you find the toilet?

- Do you think it flushes?
- How did they get rid of the 'waste'?

**Can you see any plants growing?
Do you notice any herbs?**

What do you think the herbs were used for?

Can you find the chimneys?

- What do you notice about them?
- Look at the chimneys and see if you can work out how many fireplaces the Toll House has.

**Look at the top of the Toll House.
Is it the same all the way around?**

Can you find the little glass cover in the back garden?

What do you think this is used for?

Do you use something in your garden like this?

I wonder...

This Toll House used to be attached to a grand estate. Does that give you any clue about why the front of the house is different from the back?

What do you notice about the windows?

- Notice the shape
- Notice anything 'added'
- Why do you think there were bars across the windows?
